*Reconstructed from an 18th century building to a luxurious 21st century boutique*

hotel, and a haven of peace in the middle of Paris, Esprit Saint Germain is situated between the Jardins du Luxembourg and boulevard Saint-Germain on the elegant Left Bank. Each guest room is unique - top floor rooms have terrace views to the spires of Saint-Sulpice Church. Breakfast can be enjoyed in your room or in the breakfast lounge. The 'esprit' of the complimentary open bar in the ground floor with its wood-burning stone fireplace surrounded by cozy sofas is a delight after a shopping spree or before you discover Paris by night.
